Muaz Ibn Kamal

AI Researcher · Software Developer

Uijeongbu, South Korea · muazibnkamal8@gmail.com · github.com/Muaz-Ibn-Kamal · linkedin.com/in/kamal-muaz-ibn

PROFILE

Computer Science and Engineering student researching machine learning in the medical sector and cybersecurity, with hands-on experience in research support, data analysis, web development and graphic design. Fluent in Bangla and English.

RESEARCH

Accepted — IEEE CSDA 2026. A Hybrid ReliefF-Wrapper Feature Optimization Framework with Stacking Ensembles for Explainable Breast Cancer Diagnosis.

Submitted — IEEE STI 2026. Circadian Gene Dysregulation as a Cross-Cohort Predictor of Immune Checkpoint Inhibitor Response: A Pilot Study Across Melanoma and Urothelial Carcinoma.

Submitted — ICEEICT 2027. Unified Multiclass and Cross-Corpus Evaluation of UNSW-NB15 and CICIDS-2017. (2027 7th International Conference on Electrical Engineering and Information & Communication Technology)

EXPERIENCE

Intern · Dhaka University Research Society (DURS) Nov 2025 – Jul 2026

- Coordinated international student programs, partnerships and collaborative initiatives.
- Supported documentation, reporting and communication with international partners and stakeholders.
- Contributed to planning academic and cultural exchange activities.

Intern · Center for Research Innovation and Transformation (CRIT-GUB) Oct 2025 – May 2026

- Assisted in research and data analysis for ongoing projects and publications.
- Prepared reports, documentation and presentations for research initiatives and academic events.

Associate Head, IT & Graphics · Earth's Ants Aug 2025 – Oct 2025

- Led IT and graphic design initiatives and maintained digital platforms.
- Managed website updates, multimedia production and digital campaign support.

Media Sub Team Member · GUB Mars Rover Team Mar 2025 – Aug 2025

- Created and edited photos, videos and graphics to grow the team's visibility on social media.

Joint General Secretary · GUCC Virtual Gaming Society Sep 2024 – Sep 2025

- Organized tournaments and events and promoted the society on campus and online.

Intern · Green University Center for International Affairs (GCiA) Feb 2024 – Feb 2025

- Supported international student programs, partner communication and event execution.

Executive Member · BASIS Student Forum, GUB Chapter Sep 2023 – Sep 2025

- Helped plan tech workshops, seminars and student development programs.

SKILLS

Machine learning: supervised learning, ensemble and stacking models, feature selection, class-imbalance resampling, cross-validation and error analysis, explainable ML.

Programming & data: Python, NumPy, Pandas, scikit-learn, C, Java, OOP, data structures and algorithms, Git.

Web development: HTML, CSS, JavaScript, TypeScript, React, Node.js, Express.js, Django, Firebase; MySQL, PostgreSQL, MongoDB/Mongoose.

Design & media: Adobe Photoshop, Illustrator, Premiere Pro, After Effects, Canva, Lucidchart, draw.io.

Other: LaTeX, technical documentation, project management, teamwork and leadership.

EDUCATION

Shinhan University, South Korea Jun 2026 – present
English for Academic Purposes · Major in Information & Technology

Green University of Bangladesh Sep 2023 – 2026
B.Sc. in Computer Science and Engineering — studied through the 3rd year; not completed (transferred to Shinhan University, 2026)

Kabi Nazrul Govt. College 2022
Higher Secondary Certificate (Science)

A.K. High School & College 2020
Secondary School Certificate (Science)
